#### 1. Purpose

This Policy and procedure addresses the requirements of the Standards for Registered Training Organisations (RTOs) 2015, especially Standards 4, the ESOS Act, the ESOS Regulations 2019 and the National Code 2018, especially Standards 2 and 3.

Following this policy and procedure will ensure all students are recruited fairly and equitably and are provided with full and open disclosure relating to their prospective course enrolment/(s) at the West Australian Institute of Further Studies Pty Ltd ("WAIFS").

Standard 4 of the RTO Standards ensures that accurate and accessible information about WAIFS, its services and performance is available to inform prospective and current students.

Standard 5 of the RTO Standards ensures that students are properly informed and protected.

Standard 2 of the National Code 2018 ensures registered providers recruit responsibly by ensuring overseas students are appropriately qualified for a course, including having the necessary English language proficiency, educational qualifications and/or work experience.

Standard 3 of the National Code 2018 gives registered providers and overseas students more detailed information about what should be in a written agreement. A written agreement may take any form, as long as it meets the requirements of the ESOS Act and the National Code 2018.

This policy should be read in conjunction with WAIFS policy and process for assessing and recording course credit and recognition of prior learning (RPL), if required.

Overseas students should request any information they cannot access from [admissions@waifs.wa.edu.au](mailto:admissions@waifs.wa.edu.au)

WAIFS will also make sure that information, whether disseminated directly by WAIFS or on its behalf, is both accurate

and factual, and:

- a) accurately represents the services it provides and the training products on its scope of registration;

- l) does not guarantee that:
  - A learner/prospective learner is guaranteed a visa outcome if they enrol with WAIFS
  - A learner will successfully complete a training product on its scope of registration; or
  - A learner will obtain a particular employment outcome where this is outside the control of the RTO.

For information relating to a), b), e), h), i), j) and k) above: <http://www.waifs.wa.edu.au/courses/> then select the specific course/s you are interested in.

Applicants with disabilities should indicate their disability status on their application form. A student may be asked to provide further details of their disability in order for WAIFS to assess whether there are any special study requirements/ reasonable adjustment needs to be made (and can be made by WAIFS). No policy or practice of WAIFS will discriminate against persons with disabilities except where, in the opinion of the CEO and Managing Director, the provision of additional goods, services or facilities would impose unjustifiable hardship on the Institute.

WAIFS reserve the right to reject applications on the grounds that it would be either in the best interest of the Institute and/or the student to do so.

### 3. Academic and English Entrance Requirements

Admission to a WAIFS course is offered to applicants who meet the applicable entry criteria for academic and English entry requirements. For overseas students the English entrance criteria is also affected by Department of Home Affairs' (DHA) risk rating for the country of the applicant with WAIFS. English entry requirements assessment is a 2-stage process and is as follows:

#### Stage 1:

- (a) Go to [Document Checklist Tool \(homeaffairs.gov.au\)](http://homeaffairs.gov.au)
- (b) Complete the information requested, including (to study at WAIFS):
  - Input Education Provider CRICOS Code (03188C for WAIFS)
  - Answer "I am one of the following based on the individual student". This will generally "None of the Above" but an employee should be sure a student does not meet the other criteria
  - Click "Display Evidence"

## West Australian Institute of Further Studies

The document checklist tool will come back with one of 2 responses leading to the following:

EVIDENCE OF ENGLISH LANGUAGE ABILITY	ACTION TO BE TAKEN BY EMPLOYEE
“This must be evidence that you have either obtained a satisfactory test score in an English language test that has been approved by us or evidence of certain eligible studies in English or if you fall into an exemption category.”	Go to Appendix A – English requirements are as stated by DoHA
There will be no English language requirement stated at all	Go to Appendix A – English requirements are as outlined by WAIFS.

An employee then assesses whether the applicant meets the criteria for English. This is done by the student completing an online English test (Password Plus <https://www.englishlanguageTesting.co.uk/>) or WAIFS’ written English test (which is then marked by a WAIFS’ English assessor).

Qualification entrance requirement assesses a student’s previous highest level of studies against the minimum requirements for WAIFS’ course level – see Appendix A.

Onshore and Offshore applicants must provide copies of their academic qualifications (this can include overseas qualifications or qualifications/statements of attainment completed/attained within Australia).

It is preferred that these are certified copies. Agents are authorised to certify documents for overseas students for this purpose. If documents are not certified, the WAIFS’ administration employee should consider whether the document appears genuine (e.g. by considering whether it appears to be equivalent to a previously received document from the same country).

If a student provides an Australian Qualification that was issued after 2015, the student should be asked to log in and print their USI transcript to prove their qualification/Statement of Attainment is genuine. If the qualification/ statement of attainment was issued prior to 2015 WAIFS Admissions should contact the college/university etc. directly for confirmation of genuineness.

Admission to any WAIFS’ course can also be offered to applicants who may not meet the entry criteria but because of their age or prior experience have an opportunity of success in the chosen course. These are generally mature age students, where WAIFS defines a mature age student as 21 years of age and over. This decision is made by the Team Leader - Admissions, Team Leader – Marketing, an employee in student administration (in conjunction with the CEO and/or MD as necessary);

If an applicant meets the Academic and English entrance requirements (or mature age entrance requirements) further assessment continues.

If the applicant does not meet WAIFS’ entrance requirements or the course selection does not appear logical based on the required English entrance level, employees should consider whether an alternative enrolment option would be suitable for the student based on their goals and circumstances.

If an alternative option would be suitable, employees can suggest the alternative enrolment pathway to the student.

If an alternative option would not be suitable, employees should contact the student and explain the situation to them.

#### 4. Issuing a Letter of Offer (conditional or not)

Ideally, an applicant will complete all sections of the application form and provide all required information. If all applicable information is not provided at application, a “conditional letter of offer” can be issued stating what is required to be provided before the student can accept the offer and for overseas students a CoE can be issued. Otherwise, the letter of offer will have no conditions and not be conditional.

Applicants will receive a Letter of Offer and Acceptance of Offer form outlining the terms of the offer.

## West Australian Institute of Further Studies

The Letter of Offer will provide the following information to overseas students either within the letter of offer or by link to external information from the letter of offer:

Use links to provide supplementary material to the student, as appropriate.

## 5. Returning the acceptance of offer, making payment, issuing a confirmation of enrolment (“CoE”) international students

The acceptance of offer form must be returned and the indicated fees paid before the Electronic Confirmation of Enrolment (CoE) is issued. If the student is under 18 years of age at application, the acceptance of offer must be signed by their parent/legal guardian.

Employees should ensure that any information requested as a condition of enrolment has been provided and is genuine. WAIFS will gain comfort from a document being certified by a person approved to certify documents, including migration agents.

**Note:** For WAIFS, this includes education agents where WAIFS has a well-established working relationship built over time and there has never been any issue with the documentation supplied by their student/(s).

Employees should compare the signature on the Acceptance of Offer to the Student’s/Parent/Guardian’s passport as appropriate. If there are concerns about the signature, WAIFS should consider the most appropriate course of action.

Administration staff should note that there are occasions when a signature will still not match. For example, some overseas students will have changed their signature since their passport was signed. Also, some overseas students have one signature in their own language and one signature that is used in English.

Action taken could include:

- If the document/s have come directly from the student’s email address, they should be accepted. WAIFS can always ask the student to re-sign on day 1 and a WAIFS’ employee can counter-sign – however, as the original document was emailed by the student, this would seem illogical
- If the document/s have come directly from the student’s agent, they could be accepted if WAIFS has a well-established relationship with the agent built over time (and there has never been an issue with the documents received). WAIFS can always ask the student to re-sign on day 1 and a WAIFS’ employee can counter-sign – WAIFS employee should explain that the signature was not very clear and could they sign it again. If the student states that they did not sign the original then there are 2 courses of action which must be taken:
  - (i) Inform the student that they have informed DHA through their visa application that they have accepted enrolment with WAIFS
  - (ii) Inform the marketing manager and/or the Managing Director who will consider what follow up is required in accordance with WAIFS’ policy on education agents. Notes of the action taken or reasons for not taking any must be maintained by the Marketing Manager and or MD.
- If there are significant concerns about the validity of the signature (e.g. concerns that the form has actually been signed by the Education Agent and WAIFS does not have a history with the agent where this has never occurred), the agent should be contacted and asked to get the student to resign the acceptance of offer as it does not match the student’s passport.

Where, after all of these steps, employees still have concerns about the signature, they should take further steps to ensure that the student has signed the acceptance of offer. This could include contacting the student directly and requesting confirmation that they have signed the acceptance of offer or requesting that the student come in to WAIFS’ campus and resign the letter of offer.

If WAIFS employees discover that the signature was not that of the student, the employee must inform the marketing manager and/or the Managing Director who will consider what follow up is required in accordance with WAIFS’ policy on education agents. Notes of the action taken or reasons for not taking any must be maintained by the Marketing Manager and or MD.

## 6. Returning the acceptance of offer, making payment domestic students

The acceptance of offer form must be returned and the indicated fees paid. If the student is under 18 years of age at application, the acceptance of offer must be signed by their parent/legal guardian

## 7. Other Relevant Matters

Students who wish to defer the start date of their course, may be able to do so. (See Deferral, Suspension, Cancellation Policy). Overseas students will in such a case receive a new Letter of Offer and a new CoE will be issued and the previous COE will be cancelled.

Students who provide false information on their application may have their offer cancelled without notice.

Students who wish to apply for Recognition of Prior Learning (“RPL”) should approach the Administration department for an initial form to complete requesting RPL. Additional information is available in WAIFS policy and process for assessing and recording course credit and recognition of prior learning (RPL) <http://waifs.wa.edu.au/policies-procedures/>

Where an application is received from a former WAIFS’ student, Admissions staff will refer to the student’s file and, if there are concerns about the student (e.g. poor progress during previous enrolment or poor payment history) consult the appropriate person (e.g. Team Leader - Admissions/Team Leader - Training/ Team Leader - Accounts) prior to issuing any Letter of Offer.

Admission of a student transferring from another provider will be processed as normal unless there are reasonable grounds to suspect that a student has been with another provider for less than six months of their principal course or if the student does not appear to be genuine. (See WAIFS policy on transferring from another provider).

## 8. Fees Receipts for Enrolment

WAIFS cannot accept course money (tuition fees and/or other-course related fees) payments from an overseas student until the overseas student (or the overseas student’s parent or legal guardian if the student is under 18) unless the student/parent/guardian has signed or otherwise accepted the Letter of Offer and returned the Acceptance Form.

WAIFS may accept course money received at the same time as the verification of acceptance (for example, if an overseas student sends a signed acceptance with an accompanying payment or brings the payment along with the accepted agreement into WAIFS’ office).

If an overseas student, or agent, in the same physical location as WAIFS offers WAIFS course money, WAIFS cannot accept this money if it has not received the completed and signed acceptance of offer.

In this case, WAIFS must tell the overseas student or agent that it cannot accept course money until the completed and signed acceptance of offer has been received. If the overseas student or agent is unable to supply the completed and signed acceptance of offer at that time, WAIFS must not accept the payment.

On occasions when payments may inadvertently be received into the WAIFS bank account prior to the accepted written agreement reaching WAIFS, employees or a staff member from the accounts department should contact the overseas student or agent to inform them that the payment cannot be processed (and the enrolment cannot progress) until WAIFS receives the signed and completed Acceptance of Offer.

## 9. Student File Creation and Record Keeping

All records should be maintained electronically for all overseas students within the student management system.

All documents related to a student’s application should be filed in the SMS– this may involve scanning originals and filing under the student name in the student management system.

**Note: WAIFS must retain records of all written agreements, as well as receipts of payment made under the written agreement, for at least two years after the overseas student ceases to be an accepted student. This is consistent with the record keeping requirements under section 21 of the ESOS Act and 3.6 of *National Code of Practice for Providers of Education and Training to Overseas Students 2018***
